

RAMPAGE REMAPPING
UNLEASH THE BEAST WITHIN

SHIPPING & DELIVERY

We use the following company for our delivery services, Australia Express Post. Orders are processed and dispatched within 48 hours from the time payment has been received in full (provided goods are in stock).

Delivery time is an estimate between 2-14 days depending on location. Each tool is individually programmed, so it is essential for customers to provide all necessary information to ensure timely processing. Despite our best efforts, unforeseen delivery delays can occur, typically due to issues with courier or postal services. Rampage Remapping cannot control customs-related queries, delays, or charges that may arise.

Any customs charges must be paid by the recipient before delivery. Rampage Remapping reserves the right to pass these charges directly to the person who placed the order. If you choose not to pay the customs charges and the consignment is returned, you will be responsible for all return shipping costs.
